

Evaluative Clinical Sciences Rounds - November 2019 -

Tuesdays, Noon-1:00 p.m., Sunnybrook Health Sciences Centre, G-Wing, Conference Centre

Nov 5	<p>Peter Juni, MD, FESC <i>Director, Applied Health Research Centre (AHRC), Li Ka Shing Knowledge Institute of St. Michael's Hospital; Tier 1 Canada Research Chair in Clinical Epidemiology of Chronic Diseases; Professor, Department of Medicine & Institute of Health Policy, Management and Evaluation, University of Toronto</i></p> <p style="text-align: center;">Bayesian approaches for more efficient and flexible trials</p> <p><u>Learning Objectives are to better understand:</u></p> <ol style="list-style-type: none"> 1. To understand the rationale of Bayesian approaches in clinical research. 2. To understand the basic principles of Bayesian approaches. 3. To understand the possibilities of Bayesian approaches to increase efficiency and flexibility of clinical trials
Nov 12	<p>Joel Ray, MD, FRCPC <i>Clinical Interventionalist; Winston Wolfe Chair in Interventionalism, St. Michael's Hospital</i></p> <p style="text-align: center;">Efficiency in health research – time for a haircut from the barber-surgeon</p> <p><u>Learning Objectives:</u></p> <ol style="list-style-type: none"> 1. To introduce a new series of metrics for judging research output, at the individual and the institutional level. 2. Accordingly, to increase the pool of funds available for good research, by eliminating inefficiencies.
Nov 19	<p>Tanya Hauck, MD, PhD, FRCPC <i>Bellwood Fellow in Addictions Psychiatry (clinical and research fellow)</i></p> <p style="text-align: center;">Perioperative Buprenorphine Use: A Retrospective Cohort Study</p> <p><u>Learning Objectives:</u></p> <ol style="list-style-type: none"> 1. To describe the role of buprenorphine in the treatment of opioid use disorder 2. To examine current evidence around buprenorphine management in the perioperative setting 3. To develop an analysis plan for a cohort study examining risk factors in perioperative buprenorphine discontinuation
Nov 26	<p>Elham Dolatabadi, PhD, <i>Vector Institute</i></p> <p style="text-align: center;">TBA</p>

Evaluative Clinical Sciences Rounds is an approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada
